

Our Tucson Hostel's Facility and Services

Practical and Peaceful

At the Roadrunner Hostel, our mission is to make you feel at home while away from home. We take great pride in providing you with peace of mind while on your stay. We offer more than simply shelter. Here at The Roadrunner, we encourage our guests to make themselves at home in our peaceful atmosphere where they may meet interesting people from around the world. Our Facilities and Services

We have three separate dorm rooms, Male, Female, Co-Ed, each equipped with six dorm beds and duffle bag sized storage cubbys beneath each bunk.

We have four private rooms each furnished with a full size bed and dresser, accessible with a personal key code for the most cozy and secure stay. Private room corridor, with bathrooms on either side.

We have a spacious living room with two large couches for plenty of seating and a big screen television with access to cable, apart from our large movie collection.

Our back patio is a work in progress, which provides comfortable sofa seating against a calming waterfall mural. A variety of palms and other blossoming plants make this one of favorite chill spots.

Our spacious communal kitchen is commonly filled with laughter and many fragrances of cooking delight. Food tends to be where the love is at, so please don't be bashful. Our industrial stove and oven are among our finest amenities at the Roadrunner. We also have two large fridges for our guests to store food in. Eating out can get expensive while travelling so why not stay in and eat at home. We here at the Roadrunner highly value the importance of making sure you get to where you're going, while keeping in touch with your loved ones. We have a two Mac computer bay with 24hr internet service, as well as wireless internet throughout the house for your utmost convenience.
